PATIALA, PUNJAB

THAPAR INSTITUTE OF ENGINEERING & TECHNOLOGY

## ABOUT INTERNSHIP FAIR

Internship Fair is an initiative by the Entrepreneurship Development Cell (EDC), Thapar which as the name suggests, seeks to provide young minds an ability to grow working alongside with their academics with a proper certification in hand. The internship fair entertains all students from the institute with a certain skillsets and lead them in a proper professional direction providing guidance.

Companies from all backgrounds, core and non-core take part to make this fair a success. This includes manufacturing, hands on experience, telecommunication, real estate, branding, marketing, media and every other field in which a head start may play an influential role. The application process for every company is individually decided through the representatives of the company.
